The company are renowned for their production of high quality and specific formulations with proven results guaranteed.

## KinderImmun\*

- ✓ **Strengthens the immune system\***
- ✓ **Supports growing children<sup>5</sup>**
- ✓ **For peak performance<sup>4</sup>**
- ✓ **Important for the development of bones in children<sup>5</sup>**

## Strengthening the immune System(\*) All-in-one protection

The active complex of KinderImmun Dr. Wolz\* contains various natural and valuable active ingredients for a immune active complex(\*).

### Zinc

Zinc naturally bound in zinc yeast supports the immune system(\*) and contributes for a balanced metabolism.

### Bifidobacterium

Scientific studies have shown that the intestinal flora of breast fed babies contain 95% of bifidobacterium. Breast fed babies are therefore less vulnerable to disease and viruses. With these findings experts now recommend an intestinal flora with a high grade bifidobacterium to enhance the overall health and protection of babies and children.

## Supports growing and development of the bones<sup>5</sup>

### Inulin

The contained inulin acts as the feed for the lactic acid bacteria of the intestine.

### **Vitamin C from acerola**

The dry powder of acerola juice contains naturally a high grade of vitamin C und strengthens therefore the immune system<sup>2</sup>.

### **Colostrum**

Colostrum is the name given to the first milk feed provided by the mother within the first 24 to 72 hours of birth. Kinderimmun contains a specially prepared colostrum from New Zealand.

### **Vitamins of B-complex**

The selected B-vitamins in Kinderimmun Dr. Wolz support and complete the active complex and contributes to reduce of tiredness and fatigue<sup>4</sup>.

## **Immune active complex<sup>2</sup> for all the family**

### **Vitamin D**

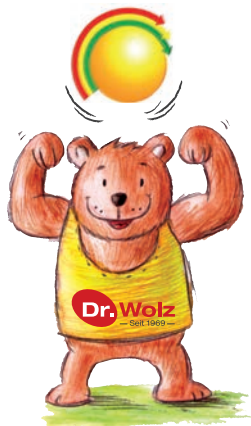

Important for a normal growth and development of bones in children. Additionally vitamin D has other regulating and supporting effects for the human body. It is also named sun-vitamin.

### **(1->3), (1->6)-**

### **Beta-D-Glucans**

The valuable beta-glucans are derived from yeast. Beta-glucans are natural polysaccharids. Healing mushrooms also contain natural polysaccharides. This is the reason for the stimulation of the immune system.

KinderImmun Dr. Wolz\* is a pleasant tasting natural supplement free from artificial colourings and preservatives. We recommend that you stir it into cold foods such as yogurts and deserts. Avoid mixing it into hot meals or beverages so not to destroy the important properties of the probiotics and Colostrum contained within.

Average nutritive values	Per portion of 2 measuring spoons (2 g) for children up to 6 years	Daily requirements (2 g) <sup>+</sup>	Per portion of 3 measuring spoons (3 g) for children 7 years old and up	Daily requirements (3 g) <sup>+</sup>
Vitamin D3	6,7 µg = 266 IU	133 %	10 µg = 400 IU	200 %
Vitamin B1	0,44 mg	40 %	0,66 mg	60 %
Vitamin B2	0,56 mg	40 %	0,84 mg	60 %
Vitamin B6	0,56 mg	40 %	0,84 mg	60 %
Vitamin B12	1,0 µg	40 %	1,5 µg	60 %
Folic acid	80 µg	40 %	120 µg	60 %
Vitamin C	32 mg	40 %	48 mg	60 %
Zinc	2,0 mg	20 %	3,0 mg	30 %
